BECOME AN OUTSTANDING
HEADTEACHER

LEAD WITH CONFIDENCE

Are you a headteacher or aspiring headteacher or head of school who wants to drive improvement? The National Professional Qualification (NPQ) for Headship uses evidence-based learning to help you set an ambitious vision for your school and transform overall outcomes for pupils.

BENEFITS FOR HEADTEACHERS AND ASPIRING HEADS

- > **Learn crucial skills and sector knowledge**
Follow a single, evidence-based framework shared by other educators nationwide.
- > **Learning that sticks**
Training is delivered in regular bite-sized chunks so there are no long days away from your day job. Learning in short, sharp bursts also helps you to retain knowledge.
- > **Thrive in your school setting**
Develop the knowledge and skills to work to the best of your ability and tackle the complexities and challenges of your daily role.
- > **Combine insight with practice to create new teaching habits**
Form new habits in your teaching by first learning about the theory of key topics and then working on how you can apply what you learn in context.

BENEFITS FOR SCHOOLS

- > **Create confident school leaders**
Headteachers will be equipped with the knowledge and practical skills to establish a culture and conditions where staff and pupils can thrive.
- > **Enjoy flexible learning**
We know that schools' and trusts' needs vary, so our programmes are designed to be highly flexible to fit around your day job. You can choose when to complete the weekly online units and have full control over when to book events.
- > **Create a common knowledge base**
Our National Professional Qualifications are aligned to each other. Teachers and leaders who complete them share a common language and framework to drive improvement in their school.
- > **Transform pupil outcomes**
Education Policy Institute research shows that high quality professional development can improve pupil outcomes almost as effectively as having a teacher with 10 years' experience in the classroom.
