

# PRIMARY REMOTE PACKAGE

Ofsted's recently published "**Research Review Series: Science**" suggests that:

*"Expecting teachers to pick up subject knowledge through time spent teaching is misguided. It is therefore important that teachers have access to high-quality subject-specific CPD. This needs to be focused on the content and how to teach it, as opposed to generic pedagogies and so should be aligned with the curriculum that teachers teach."*

Our remote package of CPD combines subject leader training with high quality subject knowledge CPD for primary teachers in the three key areas of science - Biology, Chemistry and Physics. Initially designed to be delivered remotely, if sufficient numbers enroll on the CPD from your local area we may be able to deliver the training face to face. This package will include 6 remote twilight sessions.

## Subject leaders sessions with Kate Redhead

**Thursday 16th September 2021, 16:00-17:30**

Delivering the science curriculum post pandemic

**Tuesday 9th November 2021, 16:00-17:30**

Leading science in a post-pandemic world

**Thursday 27th January 2022, 16:00-17:30**

Content TBA depending on current national priorities

## Subject knowledge sessions - Biology, Chemistry, Physics

Biology Subject knowledge - **Thursday 23rd September 2021, 16:00-17:30**

Chemistry Subject knowledge - **Thursday 19th January 2022, 16:00-17:30**

Physics Subject knowledge - **Thursday 3rd March 2022, 16:00-17:30**

If you would like to join this primary remote network, please sign up via the link(s) provided below.

The cost to attend all 6 twilight sessions is **£250**.

As a special bonus offer, join the primary remote network AND attend our **primary STEM curriculum conference**. This package would include the 6 twilight sessions and access to the conference for a total of **£300** (saving £50). Our primary STEM curriculum conference runs 7th-8th July 2021 and will be covering science, maths, computing and engineering.

To sign up to the bonus offer, please use the link below.
